

FIRST AID 4 DAY STATUTORY **(approved by the health and safety executive)**

This 4 day statutory course has been designed for businesses that need to ensure their first aiders have the most comprehensive training available to ensure compliance with the Health and Safety (First Aid) Regulations 1981.

If your business is in a sector associated with a higher level of risk such as: Construction, Engineering, Manufacturing, Transport and the Leisure Industry. It is highly recommended that you have employees who have completed the 'First Aid 4 day Statutory course' Not only will this keep your workforce safe, it will demonstrate that you have taken reasonable measures to comply with your legal obligations.

How are we different?

At Yorkshire Business School we recognise the importance of delivering our training around the needs and demands of your business, we understand that you have a business to run and are mowed over with legislation, regulations and red tape – that's why:-

- We deliver our training courses at local venues to save you and your employees time
- We offer weekday, evening and weekend courses to fit in with your business hours.
- We only use top-quality trainers, steeped in practical experience, usually former nurses, fire-fighters, paramedics and armed forces members.
- Top quality learning materials and workbooks
- Priced competitively including refreshments and lunch
